

NORTH STAR POLICY INSTITUTE

Changes in School District Operating Aid & Levy Since FY 2003 in Constant FY 2019 Dollars Per Pupil

School Districts Grouped by House Legislative District

All amounts are in constant FY 2019 dollars per pupil. Inflation adjustment based on Implicit Price Deflator for State & Local Government Purchases. Conversion to per pupil amounts based on Adjusted Average Daily Membership (AADM). School districts are grouped by House legislative district, listed in the order of the legislative district number (i.e., 01A, 01B, 02A, etc.). Within each legislative district, school districts are listed alphabetically by school district name. The amount in parentheses after the school district name represents the percentage of the school district's 2010 census population that resides within the legislative district. All per pupil operating aid and levy amounts were calculated based on Minnesota Department of Education (MDE) revenue trends spreadsheets; amounts for FY 2021 are based on MDE projections of current law.
